E-Lumen Underwater Light

NEW

EMAUX's E-Lumen underwater light is the industrial leading Nicheless LED pool and spa light, designed to delivery brilliant and vibrant colors by a single light. The single color options maximize the brightness of your pool. The party themes run through your pool and spa by E-Lumen 6 brilliant rich colors and 8 colors pre-programmed light show. The superior designed lens gives the easy access and higher efficiency to maintain the condition with pool cleaners

Product Features

- Combines Ultra-Thin LED panel technology
- Superior geometric lens strengthen the light beam throughout the wide angle lens and lighten the entire pool
- Up to 25,000 hours lifetime, 10 times more than traditional lights
- Unlike other LED lights, E-Lumen keeps working even a single LED bulb goes out
- Change the mood of your pool and spa by pressing on/off button
- Waterproof Standard: IP68
- With 2.5m safety rubber cable

Actual Effect

Remote Control & Control Box for Multiple Lights

The AC power of 600W at maximum fed into the control box is divided into 2 lines each of which can support up to 300W of load (10 LED lights). The control for lights on the same line is by nature synchronized meanwhile synchronization of control over both lines (all lights) is possible.

Features

- Maximum load of 600W with power indicator
- Made from fire-proof ABS material
- Electrical overload & leakage protection
- Two control modes-manual mode and timer mode in which the ON/OFF time of load can be set.
- 65 IP rating suitable for outdoor use.
- A remote control is provided to interact with control box from distance.
- Simple and easy operation with 4 keys:
- 8 effects are numbered; RESET key set all lights to the first effect;
- POOL and SPA key are used to change effect of lights connected to POOL line and SPA line respectively;
- S+P key can change effect of all lights at the same time.
