

because we sincerely believe that
ONLY THE BEST IS GOOD ENOUGH FOR YOUR POOL
 we have pledged to offer you
ONLY THE BEST POOL CARE PRODUCTS

SWIMTRINE

Effectively and economically kills algae and prevents regrowth without requiring pool closure

- *Fast acting, eliminates algae within hours*
- *Especially effective on mustard and green algae*
- *Compatible with all other pool chemicals*
- *No waiting period - swim immediately*
- *Easy to apply*
- *Does not cloud water*

For Visible Algae Growth: Apply 2 ozs. Of SWIMTRINE per 5,000 gallons of pool water every 7 days.

Prevention of Algae: Apply 1 ozs. of SWIMTRINE per 5,000 gallons of pool water every 10-14 days.

POOLTRINE

An algaecide water clarifier suitable for Diatomaceous Earth filters (D.E. Filter)

- *Eliminates green algae as it increases water clarity*
- *Two jobs done at the same time*
- *No waiting period - swim immediately*
- *Long lasting action*
- *Non-metallic, will not clog filters*
- *Non-foaming, will not cloud water*

For Heavy Algae Growth: Apply 10 ozs. Of POOLTRINE per 5,000 gallons of pool water every 5 days.

For Treatment of a Freshly Clean and Filled Pool: Apply 5 ozs. of POOLTRINE per 5,000 gallons of pool water every 7 days.

A mixture of 1:9 with water can be applied directly into swimming pool while running the filtration system

The products featured in the brochure are internationally recognised as the best. You can be assured they will help you achieve and maintain the best swimming waters.

BLACK ALGAETRINE

The best available product for controlling black algae's innate resistance to chemicals.

- *Insures total killing action quickly*
- *No waiting period for pool's use*
- *Excellent for cleaning algae off pool sides*
- *No clouding and easy to apply*

Once black algae is controlled, regrowth can be effectively prevented with regular use of SWIMTRINE

With Visible Algae Growth : Apply 6 ozs. Of BLACK ALGAETRINE per 5,000 gallons of pool water every 5 days. Settled algae debris may be removed by vacuuming.

SANITRINE

Acts as Cleaner, Disinfectant, Deodorant and Fungicide

- *Removes dirt, grime, grease and oils, as it prevents odour and kills germs*
- *Ideal for use on pool walls and decks*
- *Effective against the pathogenic fungus*

Simply mix 2 ozs. Of SANITRINE per 1 gallon of water and wipe or scurb surface with damp cloth or mop.

CLEARTRINE

An algaecide water clarifier suitable for Sand Filters.

- *Highly concentrated polymer treats up to 160,000 gallons of water*
- *Coagulates dirt, oil and other organic causes of cloudiness*
- *Improves filter efficiency*
- *Fast - acting*
- *Biodegradable - easy and safe to use*
- *No waiting period - swim immediately*

For Very Cloudy Water: Apply 2 ozs. Of CLEARTRINE per 5,000 gallons of pool water every 24 hours until clear.

For Maintenance: Apply 1 ozs. Of CLEARTRINE per 5,000 gallons of pool water every 2 weeks.

STAINTRINE

Stain & scale preventer and remover

- *Prevents staining and scaling of pool surfaces and components by chelating minerals such as iron, calcium and manganese.*
- *Cost-effective & easy removal of fresh stains.*
- *Protects pumps, filters and pool heater exchange elements.*

New Pool Filling: Apply 7.5 ozs. Of STAINTRINE per 5,000 gallons of pool water. Adjust free chlorine to 1.5 ppm and pH 7.2-7.6

For Maintenance: Apply 1.5-2.5 ozs. Of STAINTRINE per 5,000 gallons of pool water.
